

# **Jabalpur Engineering College, Jabalpur**

## **Civil Engineering Department**

### **Vision-**

To be front runner in academic activities in the field of civil engineering catering to the Human Resource Development (HRD) needs of Technical Education System

### **Mision-**

- To generate expert of Civil Engineering contributing their academic excellence to serve the nation
- To promote Entrepreneurship to strengthen the society
- To produce innovative thinkers for solving complex engineering problems

### **Program Educational Objectives (PEOs)-**

- To produce students able to solve complex engineering problems of civil engineering field
- To generate engineers able to design safe, economical and environment friendly infrastructure
- To generate ethically sound and honest social workers in civil engineering field

### **Program Specific Outcomes (PSOs)-**

- create innovative designs for developing new infrastructure focusing on global quality of life by observing ethical values
- create sustainable development catering to the social needs
- create design capable of sustaining natural calamities like floods, earthquakes, landslides etc.
